[1] Why does it feel like night today?
Something in heres not right today
Why am I so uptight today?
Paranoia's all I got left
I dont know what stressed me first
Or how the pressure was fed
But I know just what it feels like
To have a voice in the back of my head

It's like a face that I hold inside
A face that awakes when I close my eyes
A face that I wash everytime I lie
A face that laughs everytime I fall (it watches everything)
So I know that when its time to sink or swim
That the face inside is hearing me....Right inside my skin

[2] I know Ive got a face in me
 Points out all the mistakes to me
 You've got a face on the inside too
 You're paranoia's probably worse
 I dont know what set me off first but I know what I cant stand
 Everybody lacts of the fact of the matter that I cant add up to what you can

But everybody has a face that they hold inside
 A face that awakes when they close their eyes
 A face that they wash everytime they lie
 A face that laughs everytime they fall (it watches everything)
 So you know when its time to sink or swim
 That the face inside is watching you too....right inside your skin
