

Runnin With The Devil Tab by Van Halen

Tuning: E A D G B E

Key: Eb

This is the first song that i ever learnt and a great song it is too. Im sure this is how it goes and i hope you enjoy playing it as much as i do. Ive tried to keep it as simple as possible so it is more easier to read. If you have the song it will be much more easier because you can listen for the timing which is needed. Hope you enjoy!

Here comes the fast part. just play it slowly at first to get used to it and speed up once you know where your fingers have got to go. Again i have cut the solo into steps so it looks more easier.
