(I'm not 100% sure about this part, it's very fast and with the delay on, so
that's pretty confusing to me when tabbing it... it can be that he skips the second 17
17 15 14, I don't know, but you can always skip it if it's too long, or if you play it
very fast you can just play it like this =P)
