

A Little Piece Of Heaven Tab by Avenged Sevenfold

Difficulty: intermediate

Tuning: D A D G B E

Tabbed by: [travis]

December 28, 2009: R.I.P. Jimmy "The R.E.V." Sullivan. You will be missed. *

Go easy on me on this tab. It took me a long time to figure it out and tab it out.

*Update #1 (March 16, 2009 [5:00pm]):

*I fixed up this tab, because I hadn't realized how messy and confusing this was. A lot of you were confused with one guitar having only the low E string tuned down to Db, while the other 5 strings stayed in standard tuning. So, I fixed that problem, and now I have two guitar parts tabbed out.

*I added the rhythm that goes under the piano parts, meaning when M. Shadows and the girl are singing. The chords are what Synyster Gates and Zacky Vengeance play on the "LBC" DVD. Now, this tab is much better and fun to play along with, now that it has those chords.

*The only thing you guys have to look at, is playing the rhythm of the chords on those piano parts. I wrote down the chords, but you can play your own rhythm that follows the timing and fits in right. There will be a subtitle above those parts that tells you to play the rhythm of those chords, and the next sections with chords say "Same as above ^^^."
